

ME61HC

Mobile Computer for Healthcare

Redefining Mobility in Healthcare: Uncompromised Hygiene Meets Enterprise Power

Engineered for Medical Performance

The Qualcomm SM6225 Pro octa-core processor powers the ME61HC, providing healthcare professionals with high-speed computing, effortless multitasking, and consistent performance even with resource-intensive medical applications.

Healthcare-Optimized Touchscreen

The ME61HC features a 6.0-inch Luxibright touchscreen, adaptable to both bright hospital environments and dim patient rooms. The screen responds effectively even with gloves or wet hands, ensuring accurate interaction whenever needed.

Enterprise-Grade Android Security (AER & GMS)

Pre-loaded with Android 13 and holding Android Enterprise Recommended (AER) certification, the ME61HC delivers unmatched security standards. Integrated GMS features and regular security updates protect sensitive healthcare data.

Antibacterial Housing for Safety

Built with a specialized antibacterial casing infused with silver, copper, and zinc, the ME61HC ensures a hygienic, disinfectable surface. Designed for healthcare settings, it withstands rigorous cleaning with alcohol-based solutions, safeguarding both patients and staff.
