

ENGINEERING. VALIDATION. MANUFACTURING. UNDER ONE CONTROL.

Full-Cycle OEM / ODM Manufacturing
for Enterprise AIDC Solutions

MEFERI Technologies Co., Ltd.

THE RIGHT MANUFACTURER DRIVES YOUR BUSINESS SUCCESS

What Defines Manufacturing Quality?

Engineering Control

Testing Reliability

Deployment Reliability

Product Validation

Production Consistency

Lower Lifecycle Risk

The Right Manufacturing Choice Creates Long-Term Value

Lower Service Pressure

Predictable Deployment

Stronger ROI Confidence

Reduced Replacement Costs

MEFERI IS YOUR MANUFACTURING PARTNER FOR SCALABLE GROWTH

MEFERI combines engineering, product validation and scalable manufacturing to deliver enterprise AIDC products, OEM / ODM development and successful global deployment.

Since
2010

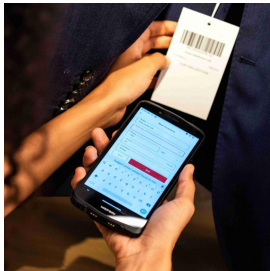

Production Area
10,500 m²

Units / Year
1.5M

OEM / ODM
Full-Cycle

WHAT WE BUILD

MEFERI develops and manufactures hardware, software and industry solutions for enterprise operations.

CERTIFICATION AND GLOBAL READINESS

MEFERI products are designed for international deployment and compliance preparation.

BUILT FOR STABLE OPERATIONS IN YOUR INDUSTRY

Fewer Device Failures

Uninterrupted daily operations

Stable Device Performance

Higher workforce productivity

Lower Support Requirements

Reduced IT Service Pressure

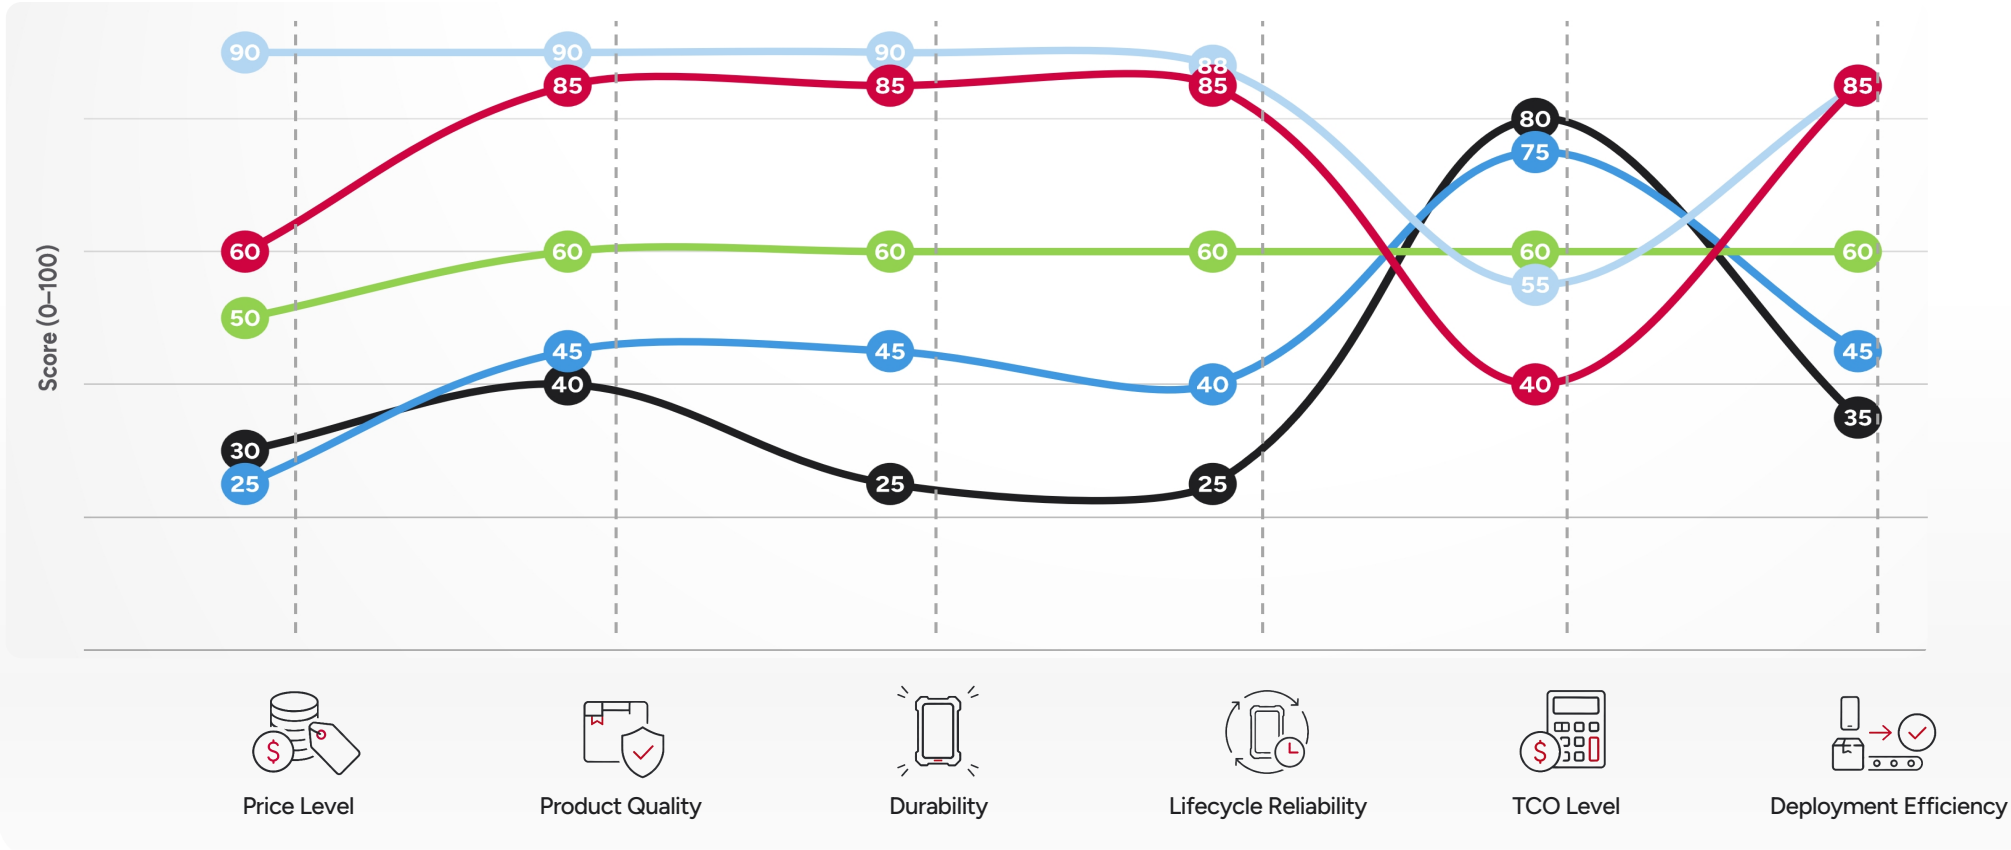

Lower Total Cost of Ownership

More efficient long-term deployment

BEYOND UNIT PRICE

Balanced value. Lower total cost.

Manufacturing Value Positioning

MEFERI balances engineering, quality, lifecycle reliability and deployment efficiency to create stronger long-term value.

INDUSTRIES WE SUPPORT

Field Service
Operations

Government and
Public Sector

Healthcare

Hospitality

Logistics and
Supply Chain

Manufacturing
and Industrial

Retail and
Commerce

Warehouse and
Distribution

WHO WE MANUFACTURE FOR?

Distributors

Growth, Stability
And Profitability

Expand Your Portfolio With
Reliable Supply, Strong Margins
And Long-Term Partnership
Support.

SI / ISV

Integration And Deployment
Flexibility

Integrate Faster With Flexible
Hardware, Software
Compatibility And
Customization Support.

Decision-Makers

Competitive Advantage
And Business Growth

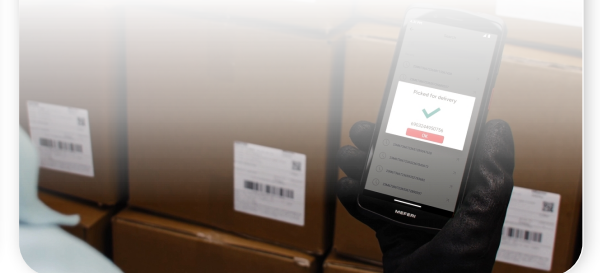

Strengthen Customer Satisfaction,
Increase Operational Confidence And
Build Long-Term Competitive
Advantage.

Industry Professionals

Productivity And
Operational Efficiency

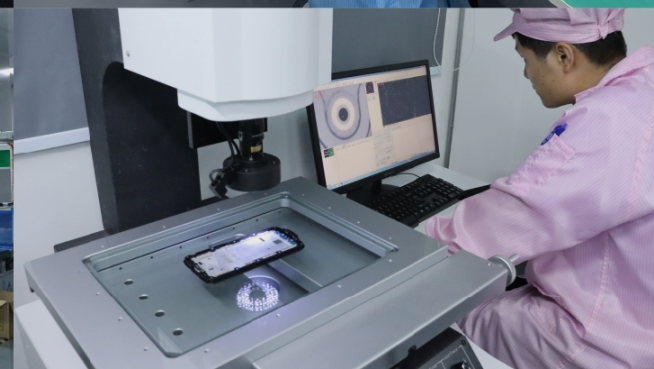

Engineered To Reduce Errors,
Downtime And Operational
Costs While Increasing
Productivity.
